

Psychology Matters

Assessment Clinic

We've resumed in-person NO CONTACT testing!

We are currently offering safe NO CONTACT in-person assessments at our Bayfield Street, Barrie location.

ASSESSMENTS AVAILABLE:

Full Assessments (diagnostic)

- ◆ Psychoeducational (age 8+)
- ◆ Autism
- ◆ Psychological
- ◆ Neuropsychological
- ◆ Neurodevelopmental (age 1–6)
- ◆ Early learning skills (age 5–7)
- ◆ ADHD
- ◆ Memory
- ◆ Fitness for Duty

Non-diagnostic screens:

- ◆ Memory
- ◆ ADHD
- ◆ Cognition
- ◆ Career planning/
Vocational (17+)

Other

- ◆ Baseline testing
- ◆ Concussion
- ◆ WSIB

Health and safety measures include:

- ◆ 6 foot plexiglass screens to ensure no-contact testing
- ◆ Multiple sets of assessment materials, sanitized (after use, each item is sanitized with hospital grade cleaner and an infrared light box, and set aside for 2–4 days between assessments) to eliminate transfer between client and tester
- ◆ Questionnaires and testing conducted on iPads, when appropriate
- ◆ One testing session conducted at a time, to ensure limited capacity and interaction between clients and staff
- ◆ Staff and clients are screened for COVID-19 prior to entry of building, including temperature checks
- ◆ Initial interviews and feedbacks can be conducted online to reduce visits to the clinic

** Certain assessments/portions of testing can also be offered remotely
(Dependent upon the nature of the assessment and client computer capability)*
